

TUESDAY 24TH SEPTEMBER 2013

- 09:00 Welcome
Marian Kawczynski
- 09:15 Super resolution based on the new confocal platform
Jaroslav Korczynski
- 10:00 Super resolution based on the new confocal platform
- 10:45 Coffee Break
- 11:15 Nanoparticles in biomedical applications
Anna Woźniak
- 12:00 Fluorescence molecular probes and cell biochemistry
Paweł Pomorski
- 13:00 Lunch
- 14:00 Practical Session I
Leica **SP8**: system set up, high resolution image, new 3D,
new on-line dye separation (group 1)
Leica LSI – macro confocal (group 2)
Leica AF 6000 advance fluorescence imaging (group 3)
- 15:30 Coffee Break
- 16:00 Practical Session I cont.
- 17:30 End of a day

WEDNESDAY 25TH SEPTEMBER 2013

- 9:00 Practical Session II
Leica **SP8**: system set up, high resolution image,
new 3D, new on-line dye separation
(group 2)
Leica LSI – macro confocal
(group 3)

Leica AF 6000 advance fluorescence imaging
(group 1)
- 10:30 Coffee Break
- 12:00 Lunch
- 13:00 Practical Session III
Leica **SP8**: system set up, high resolution image,
new 3D, new on-line dye separation
(group 3)
Leica LSI – macro confocal
(group 1)
Leica AF 6000 advance fluorescence imaging
(group 2)
- 14:30 Coffee Break
- 16:00 End of a workshop
